Round-Up 360 degrees of visual impact!

There are many display possibilities with the Round-Up. The display is constructed by a panel wrap and a set of top and bottom plates with magnetic tape attached. You can add the optional middle plates to change and elevate the set-up construction as the need arises.

Our full-color graphic wraps add a dynamic look to your display. The wraps can be made out of transparent plastic for creating a showcase. Illuminated pillars create a stunning backlit display.
